

## Stage 3 Music Assessment Task – Stairway to Heaven

**Due Date: Week 3, Term 3**

### **Learning Intention:**

With my group, we can record our own version of “Stairway to Heaven” using GarageBand on one of the Music iPads.

### **Success Criteria:**

We can.....

1. Open a new song in GarageBand and set the metronome to a comfortable tempo
2. Play the melody accurately with the metronome on either the recorder OR a virtual instrument
3. Play and record the melody into GarageBand.
4. Name our song using our first names and Class name
5. Add appropriate rhythm and harmony tracks to our song using other virtual instruments such as drums, bass, guitar, strings etc.

### **Notes:**

1. If you recorded the melody using a virtual instrument, then you must use the recorder to create a harmony part
2. Your task must be done at school on one of the music iPads.
3. You can use the following YouTube clip as a reference and source of ideas;
